IMPORTANT - READ CAREFULLY: Be sure to carefully read and understand all of the rights and restrictions described in this Software License Terms Agreement (“Agreement”).

This Agreement is a legal agreement between YOU (either an individual or a single legal entity who will be referred to in this Agreement as “YOU” and “YOUR”) and Thinix®, a division of R & D Industries, Inc.

Thinix sells both Thinix Brand Software and Thinix Brand Hardware and this Agreement applies to both the Thinix Brand Software and Thinix Brand Hardware, but does not apply to third party software or hardware, except for when referred to specifically below. In any event Thinix makes no claims, warranties or certifications in any way in regards to third party software and hardware.

Any Thinix Brand computer device or other Thinix Brand Hardware product that is manufactured and sold by Thinix is called the “HARDWARE” in this Agreement.

“SOFTWARE” means the Thinix Brand Software manufactured and sold by Thinix, and includes any associated media (including copies), printed materials and any “online” or electronic documentation or authorized upgrades or supplements from Thinix for such software.

This Agreement grants YOU license rights ONLY if the SOFTWARE is genuine Thinix SOFTWARE.

Reviewing and Retaining the Agreement: Whether YOU download the SOFTWARE from an authorized web site or YOU receive it with the HARDWARE or third party hardware, the SOFTWARE will not be able to be used until YOU agree to this Agreement (see below for obtaining a refund if YOU do not agree). If YOU do not want to agree, do not take any of the above actions and return both the Hardware Device and the SOFTWARE to the place where YOU acquired them for a

refund. If YOU cannot obtain a refund, contact the Thinix subsidiary serving YOUR country, or write to: Thinix Sales Information Center, 812 10th St, Milford, IA 51351, USA, or visit Thinix on the World Wide Web at <http://www.thinix.com>.

SPECIAL INFORMATION REGARDING THINIX RETROUI PRODUCT(S). When returning from a Windows lock screen, if a Metro (Windows Store app) style application is running, RetroUI cannot close the Metro app. RetroUI is designed and tested to work with Windows 8 RTM version - 9200.win8_rtm.120725-1247, and later. RetroUI will not work with Windows 8 RT because there is no classic Windows desktop. RetroUI is not compatible and does not work with the developer and consumer previews of Windows 8. In the event that Microsoft removes the ability or somehow completely prevents RetroUI from functioning by releasing future builds, service packs or patches, Thinix cannot control these things and therefore doesn't assert that RetroUI will be compatible with other future versions of Windows 8. In multi-user scenario's, RetroUI supports multiple users on a single machine, but the settings for RetroUI are global on the PC. In other words, you cannot have two users each with different preferences for RetroUI. This may be addressed in a future release of RetroUI.
